

Supplemental Application For Air Quality Engineer I or II

Instructions: Please respond to each of the following questions. Type or print your responses on 8-1/2" x 11" paper with a font size of no less than 10 point and save as a PDF document. **Please limit your responses to a page per question or part.** This information may be used to determine those applicants with the most directly related experience, education, and training to continue in the selection process. Do not combine your responses or reference your application or resume to answer a question.

Please be advised that the information you provide will be evaluated "as is" and incomplete, vague, or illegible responses will likely receive lower ratings. Therefore, it is very important to provide concise, organized, and easy to follow responses to each question.

1. Please describe your skills in each of the following areas and provide examples of the types of projects completed and/or decisions you made about the subject areas. If your responses detail present and/or prior work experience, please include the name of your employer, your job title, the length of time of your experience in years/months, and a brief description of your duties and responsibilities.
 - a. Knowledge of environmental regulations, with an emphasis on air quality.
 - b. Your experience in preparing and/or reviewing toxic emissions inventory plans and reports.
 - c. Your experience in preparing technical reports.
 - d. Your experience in performing complex spreadsheet calculations and dispersion modeling.
2. Please describe your education and formal training that qualifies you for this position, including any licenses or credentials (e.g. EIT or P.E.).
3. A major role of a permit engineer is to explain rules and regulations as well as requirements to the general public and the regulated community. Sometimes, you may encounter challenging customers. Please explain how you would conduct yourself under such circumstances.

Please return this signed form with your responses attached to your application.

I certify that the information provided on all application materials is accurate and complete to the best of my knowledge. I understand that any falsification may cancel any terms and conditions, or privileges of employment.
