Air Quality Awareness Continues Monterey, California – May 10, 2022

Air Quality Awareness continues beyond Air Quality Awareness Week (AQAW), May 2-6, 2022. We wrap up this year's theme, *"Be Air Aware & Prepared!"*, by providing website links to global and local air quality resources, and a local Call to Action to help reduce air pollution.

Visit AirNow.gov for a one-stop source for air quality data and AQAW 2022 resources:

<https://www.airnow.gov/agaw/>

Call to Action to reduce air pollution:

Download **"20 Ways YOU Can Clean the Air" Checklist** to learn how YOU help reduce air pollution locally in your community: <https://www.mbard.org/air-quality-awareness-week-may-2-6-2022>.

For more information about local air quality conditions, please visit: www.mbard.org.
