

GRANT PROGRAMS

ANNUAL USE REPORTING REQUIREMENTS

As stated in your Grant Contract, grant recipients must submit an annual use report for the term of the project. The report shall provide data on operation, such as annual hours operated, maintenance, and any other pertinent information requested by the Monterey Bay Air Resources District (District). The annual report is used to verify your grant funded engine(s) and / or equipment is in good working order and within the required annual hours of operation.

Annual Use Report Forms are also available on the District website at <https://www.mbard.org/diesel-engine-replacement-grants>.

Failing to submit a complete annual use report will result in non-compliance and will require an on-site inspection.

Please contact Hanna Muegge at 831-718-8021 if you have questions.

Please return the completed Report
