

**MONTEREY BAY UNIFIED AIR POLLUTION CONTROL DISTRICT
REGULATION VII
EMERGENCIES**

RULE 706. APPLICATION OF RULES AND REGULATIONS

1. Notwithstanding any other provisions of the District Rules and Regulations, the provisions of this regulation shall apply separately to each source area and receptor area in the Monterey Bay Unified Air Pollution Control District to control the emissions of air contaminants during any Stage 1, Stage 2, and Stage 3 air pollution episode as provided herein.

2. Definitions.

For the purpose of this regulation:

2.1. Receptor area

is that area in which the air contaminants emitted from a source area are measured.

2.2. Source area

is that area in which air contaminants are emitted.
